THIRTY-FIRST ANNUAL REPORT
OF THE
LEOMINSTER COTTAGE HOSPITAL

For the Year ending December 31st, 1929.

THE Committee have pleasure in presenting their Report and Accounts for the year 1929.

The Committee have to report with great regret the deaths of three of the first supporters of the Hospital, Miss Wood, who laid the foundation stone of the building, Mrs. R. Bright, for many years Chairman of the Linen League, and Mr. T. Neild. Mr. W. Mills, the representative of the Court "Royal Hackluyt" Foresters, has retired owing to long continued sickness. The sympathy of the Committee is extended to him. His place has been filled by Mr. R. W. Page, Secretary to the Court.

The work of the Hospital is shown in the following comparative statement:—

	1929	1928	1926
Number of patients treated - -	250	249	233
Number of Operations performed -	162	135	167
Number of patients' days in Hospital	3,186	2,756	2,512
Number of X-ray Cases - - -	32		

(It is to be noted that the X-ray apparatus was not available until the last six weeks of the year).

For the accomplishment of this work the Committee are very grateful to the Honorary Medical and Dental Staff, and congratulate the Matron and the Indoor Staff.

The notable events of the year 1929 were the erection of a new wing, providing additional accommodation for the nurses and rooms for the X-ray apparatus, and the actual provision of the instrument, a realisation of plans at one time considered impracticable, but now happily carried to a successful completion through the generosity of a large number of subscribers and helpers, among whom mention must be made of Mr. Stanley Holland, who continued his support of the Hospital by giving a large donation to the fund, and Mr. C. H. Harvey, who organised Garden Fêtes and other events, which in the aggregate brought in a very considerable amount.

The Hon. Mrs. Devereux kindly opened the X-ray department on December 9th, in the presence of a large company of subscribers.

The total sum subscribed with interest is £1,589 17s. 7d., of which £1,452 10s. 5d. has been expended on the buildings and equipment and a new heating apparatus, leaving a balance at this date, February 18th, of £137 7s. 2d.

The Committee offer very hearty thanks and congratulations to all who have in any way contributed to effect this splendid result. Mr. J. Budd is deserving of special thanks for his services as architect. Dr. Lamb has been appointed Honorary Radiologist.

It is regretted that for some time a number of cases could not be admitted to the Hospital owing to insufficient accommodation. The Committee have therefore decided to allocate the balance of the X-ray Fund to an extension of the building designed to provide six additional beds, and feel confident that subscribers will approve their action. A generous donation of £50 has been made to the fund by Lord Cawley, who becomes a Life Governor under Rule 14.

In recognition of his continued and successful efforts in raising funds for the X-ray apparatus it is proposed to make Mr. C. H. Harvey a Vice-President.

The provision of the X-ray apparatus completes the furnishing of what is now an up-to-date country hospital equal to any in a similar agricultural district, and in fact superior to some Cottage Hospitals in more populous places.

The X-ray photographs are praised by the medical men of the district, who have already availed themselves of the apparatus to a considerable extent. The Committee trust that its use will be conducive to the relief of suffering in the town and neighbourhood.

From the items in the Statement of Income and Expenditure for the year it will be seen that the following increases of Income are shown:—

		£
1. Patients' Payments	...	55
2. Private Nursing	..	15
3. Theatre Fees	...	31
4. Interest on Investments	...	26
5. Hospital Sunday	...	27
6. Hire of Clinic	...	2
7. X-ray fees are shown for the first time at £9 19s. 6d.		

The increase in the Hospital Sunday Collections is due to

the able administrative work of Mr. H. G. Griffiths, to whom the thanks of the Committee are due.

Decreases occur under :—

1. Rents of properties £14, due partly to sale of land.
2. Extraordinary income £20, mainly due to fewer donations and entertainments and to the effect of the X-ray Fund. A partly non-recurring item under this head is the Refund of Income Tax, £42 16s. 8d., recovered through the good offices of Lloyd's Bank.
3. Subscriptions, £37. A reference to this item occurs later in this report.

Under Expenditure increases occur in :—

1. Provisions £30, due to 430 additional days of maintenance.
2. Surgery £8.
3. Domestic £98, due mainly to cost of furnishing additional rooms for nurses.
4. Administration £20, due to various causes, including Postages, Rates, X-ray, etc.

While decreases are shown under Establishment Charges £25, Salaries and Wages £40.

The surplus of the account amounts to £42 14s. 1d., a sum approximate to the amount of Income Tax recovered.

The Committee acknowledge with gratitude the payment of a legacy of £50 from the Executors of the late Mrs. Kostin. It has been invested in 5 per cent. War Loan Stock (1929-1947).

A form of bequest is attached to this Report, which it is hoped many supporters of the Institution will make use of.

The Committee have again to express thanks to all from whom help has been received in various ways: the Annual Subscribers, the Clergy and Ministers for their annual appeal, the organisers of Whist Drives and other Entertainments; the workers in connection with Rose Day; the ladies of the Linen League, the ex-Service men, Policemen, and the Town Band; the holders of Collecting Boxes; donors of fruit, flowers, vegetables, eggs and poultry; Mr. Bridge for his gratuitous work of decorations and repairs; Mr. DeAth for his care of the Wireless; Dr. Lamb for the use of his grounds; the scholars of the Grammar School; and to all others who have assisted in any way the work of the Hospital during the past year, including Mr. A. Williams for various gratuitous work in the Hospital.

Special mention is made of the May Fair Benefit, amounting to £63 3s., received from Messrs. J. Studt, Peters and Deakin, and paid into the ex-Service Men's Cot Fund; the

helpers in connection with the successful Egg Day ; and of the donors of daily papers-

The continued fall in the amount of Annual Subscriptions is causing the Committee much anxiety. The decrease in the past year as compared with 1928 is £37, as compared with 1927 is £46 and as compared with 1926 is no less than £99. In the absence of any considerable income from investments, the Institution has to depend to a great extent on the contributions of its supporters. The Committee therefore appeal earnestly for a larger number of Annual Subscriptions and beg respectfully that present subscribers and helpers of the Hospital will interest themselves in obtaining a substantial increase of income from this source. The Committee realise that some of the decrease is due to the extraordinary efforts made on behalf of the X-ray Fund, but they feel that they cannot emphasise too emphatically that future activities, now extended by the use of the apparatus, cannot be carried on without a considerable increase in the amount of Annual Subscriptions.

R. C. DEVEREUX,

February 18th, 1930.

Chairman.
